| AUTUMN | Make themselves understood and can become frustrated when they cannot. <br> Listen to simple stories and understand what is happening, with the help of the pictures. | Play with increasing confidence on their own and with other children, because they know their key person is nearby and available. <br> Feel confident when taken out around the local neighbourhood and enjoy exploring new places with their key person. <br> Grow in independence, rejecting help ("me do it"). Sometimes this leads to feelings of frustration and tantrums. | Walk, run, jump and climb - and start to use the stairs independently. <br> Spin, roll and independently use ropes and swings (for example, tyre swings). <br> Explore different materials and tools. | Enjoy sharing books with an adult. <br> Pay attention and respond to the pictures or the words. | Build with a range of resources. <br> Climb and squeeze themselves into different types of spaces. <br> Take part in finger rhymes with numbers. | Explore natural materials, indoors and outside. | Explore a range of sound makers and instruments and play them in different ways. <br> Make rhythmical and repetitive sounds. |
| SPRING | Start to say how they are feeling, using words as well as actions. <br> Identify familiar objects and properties for practitioners when they are described: for example: 'Katie's coat', 'blue car', 'shiny apple'. | Begin to show 'effortful control'. For example, waiting for a turn and resisting the strong impulse to grab what they want or push their way to the front. <br> Feel strong enough to express a range of emotions. | Enjoy starting to kick, throw and catch balls. <br> Show an increasing desire to be independent, such as wanting to feed themselves and dress or undress. <br> Start eating independently and learning how to use a knife and fork. | Have favourite books and seek them out, to share with an adult, with another child, or to look at alone. <br> Sing songs and say rhymes independently, for example, singing whilst playing. | Compare amounts, saying 'lots', 'more' or 'same'. <br> Complete inset puzzles. <br> Develop counting-like behaviour, such as making sounds, pointing or saying some numbers in sequence. | Explore and respond to different natural phenomena in their setting and on trips. | Notice patterns with strong contrasts and be attracted by patterns resembling the human face. <br> Enjoy and take part in action songs, such as 'Twinkle, Twinkle Little Star. |

|  | Develop pretend play: 'putting the baby to sleep' or 'driving the car to the shops'. |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| SUMMER | Understand simple questions about 'who', 'what' and 'where' (but generally not 'why'). <br> Use the speech sounds $p, b, m, w$. Pronounce: • $/ / r / w / y$ • $\mathrm{f} / \mathrm{th} \cdot \mathrm{s} / \mathrm{sh} / \mathrm{ch} / \mathrm{dz} / \mathrm{j} \cdot$ multi-syllabic words such as 'banana' and 'computer'. | Develop friendships with other children. <br> Safely explore emotions beyond their normal range through play and stories. | Develop manipulation and control. <br> Learn to use the toilet with help, and then independently. <br> Show an increasing desire to be independent, such as wanting to feed themselves and dress or undress. | Repeat words and phrases from familiar stories. <br> Enjoy drawing freely. | Notice patterns and arrange things in patterns. <br> Count in everyday contexts, sometimes skipping numbers - '1-2-3-5'. | Make connections between the features of their family and other families. | Start to make marks intentionally. <br> Start to develop pretend play, pretending that one object represents another. For example, a child holds a wooden block to her ear and pretends it's a phone. |
