

Pheasey Park Farm Training School

Ed. Tech Training Packages

At Pheasey Park Farm Primary School we use our nationally and internationally recognised expertise to offer a range of Ed. Tech. training and professional packages. These can be booked on a standalone basis or can be made bespoke to suit individual school's needs.

We encourage schools to contact us directly so that we can build a perfect pathway to ensure the training needs of your staff are fully met.

Pheasey Park Farm has a team of accredited staff trainers who are experienced in working with schools across the UK. They provide quality first training and professional development to ensure schools are maximising their technology investment and impacting on standards across the curriculum. They can support the change management process to enable schools to speedily deliver their aims and ambitions.

If you would like further information please contact Pheasey Park Training School directly on 0121 366 6183 and speak to Sarah Mallon, Office Manager or contact the Training School Director Sarah Morgan by email.

Training & Professional Development Details

Course	Audience	Content	Cost
School Visioning Visit	Headteachers, Senior Leaders and Ed. Tech Leads.	Half Day visit to Pheasey Park Farm Primary School Enables Senior Leaders of your school to experience our long term vision and outcomes and to develop your own. See technology in full use across the school and observe a lesson in Europe's first collaborative classroom. This will be followed by a detailed presentation of the factors behind the successful journey that Pheasey Park Farm School has taken to use technology to transform outcomes and how the process has been championed by the Head Teacher. We will then work collaboratively with you to consolidate your vision and create a bespoke training plan and implementation timescale that will work for you and your school.	£175 as a stand-alone visit Could form part of a professional development package (Includes light refreshments)
Technology Lead professional development	Leader of Ed. Tech. within the school and proficient Tech user.	This takes place over 2 terms on a 'Fast Track' approach, with training taking place both at Pheasey Park Farm and within your own school. Overall it will be 2 full days contact time (divided up into half days) as well as online support, planning monitoring and feedback. It will include support with video production and quality assurance standards to ensure SMART Exemplary Educator standard is reached by the end of training. The Technology Lead will be expected to implement activities learnt in training into their daily teaching practice. (Delegate must be class based or have a high teaching commitment).	£750 (plus travel cost) as a stand-alone visit however this could form part of a package deal (Includes light refreshments and lunch during full day training at Pheasey)
Digital Leader Training	Class teachers who are confident in their use of ICT.	We recommend 4 teachers from different phases of school who are reasonably confident in their use of ICT in everyday teaching for this training. Training will take place at Pheasey Park Farm Primary School over 2 half day training sessions and with the expectation of a 'gap' task being completed by all delegates between training sessions. Once completed these Digital Leads will support the school's Technology Lead to spread good practice and ensure successful implementation of the use of technology across the school in all areas of the curriculum. Online and telephone support will be on hand throughout the training process.	£95 per delegate as a stand-alone Visit Could form part of a professional development package (Light refreshment provided)

Whole School Staff Meeting	All members of staff across the school	A whole staff meeting led by the trainers from Pheasey Park Farm Primary school working together with your school's Technology Lead to ensure a tailored provision is delivered to suit the needs of your school. 1 half day planning meeting is undertaken with the Technology Lead prior to the 1 hour Staff Meeting being undertaken.	£175 (plus travel cost) as a stand-alone visit however this could form part of a package deal
Full Professional Development Package	Whole School	Enable your school to make the very best start to using SMART Technologies to its fullest potential and ensure it has the biggest impact on outcomes. This can be done through the package deal which offers the school huge savings. <u>Included</u> Preliminary School Visit Technology Lead Training Digital Leader Training for 4 delegates Whole School Staff Meeting	£1300 (plus travel cost) *A saving of £180.
Full INSET Day (6 hours)	Whole School	2 SMART Trainers will work with your Staff in your School for a whole school INSET day. The training will be built for your needs offering a bespoke package. A meeting with a Senior Member of Staff will be undertaken prior to the training (this may be undertaken on line) to ensure the training delivered meets your school's requirements.	£350 (plus travel cost)
Half Day INSET (3 hours)	Whole School	2 SMART Trainers will work with your Staff in your School for a half school INSET day. The training will be built for your needs offering a bespoke package. A meeting with a Senior Member of Staff will be undertaken prior to the training (this may be undertaken on line) to ensure the training delivered meets your school's requirements.	£200 (plus travel cost)
